

STATHAMS
1934

WINNING ROUTE
PHOENIX PARK TRACK
1934

The place where our restaurant stands today was once Statham's Garage. It was here where George Statham set out on a mission to design and build his very own 'Special,' a type of racing car that would rival the purpose-built cars of the day.

Powered by a Ford V-8 engine, the Statham-Ford Special competed in races all across the country, from the Phoenix Park Senior Race to the Limerick Grand Prix. It went on to have a host of great victories and successes, holding its own against legendary names like MG and Bugatti.

Statham's is our homage to the golden age of Irish motor racing and the trailblazing family at the heart of it.
